INTRODUCTION

SG For HSSE SERVICES Contracting and Supplies is a general contracting company (integrated business) that started serving its customers since 2006 through a variety of different businesses and complementary specializations to serve its customers, thus looking for a successful partnership with our customers during the project life cycle.

We have worked during the past years with high confidence and steady steps in the field of contracting and supplies to become one of the major and pioneering firms, especially in integrated business projects.

In our firm, we are committed to our deadlines, in addition to that we exert efforts in setting plans and studies that help us reduce time in the implementation of our work while maintaining quality and safety standards to reach the required specifications.

MISSION

Our constant concern is to gain our customers trust and to start with the customer from the design stage to the delivery stage, and to be with them in everything that they need to complete their projects, and their dream becomes a reality, supporting them in all disciplines, from architectural, civil, electrical and mechanical works.

VISION

Always to provide reliable and professional services to major customers and to fulfil their diverse needs in a flexible and secure manner.
